

WHAT IS CLAIMED IS:

- 1 A part comprising:
a body unit; and
5 one or more leg formed on the body unit, wherein one or more
slit is formed on the body unit adjacent to the leg.
2. A part according to claim 1, wherein the slit is formed on the
body unit such that a longitudinal direction of the slit coincides a
10 longitudinal direction of the leg.
3. A part according to claim 2, wherein a length of the slit
prescribes a length of the leg.
- 15 4. A part according to claim 1, wherein the slit is formed such
as to position a tip of the leg remotely from the body unit.
5. A part according to claim 1, wherein the slit decreases
radiation of heat applied to the leg by the body unit.
20
6. A part according to claim 1, wherein the body unit comprises
a main plate and a pair of side plate connected to the main plate, and
wherein the main plate and the side plate are formed in a U-shape in
section.
25
7. A part according to claim 1, wherein the body unit comprises
one or more attachment hole to which electronic part is attached.
